Dear Manufacturer,

SUBJECT: Notice of EPA/Industry Compliance Meeting - May 8, 2002

EPA's next regular meeting with the light-duty manufacturing industry to discuss compliance topics of mutual interest has been scheduled for Wednesday, May 8 at 10:00 AM in the lobby conference room of the NVFEL Office Building, 2000 Traverwood, Ann Arbor, Michigan. We expect the meeting to adjourn by 4:00 PM.

We plan to discuss items of general interest pertaining to light-duty vehicle compliance, including certification, in-use, and fuel economy. The afternoon will be devoted to a discussion of updates and planned activities for CFEIS. If you have questions of general interest on any of the above topics, we ask that you submit them in advance to Linda Hormes by May 1, 2002 (email: [hormes.linda@epa.gov](mailto:hormes.linda@epa.gov)). We will take questions from the floor, time permitting.

These meetings are intended to help your company through the EPA compliance process. Your participation is most welcome, and your feedback will be used to determine the direction that future meetings of this type will take.

Sincerely,

A handwritten signature in black ink, which appears to read "Gregory A. Green" followed by a stylized flourish or initials.

Gregory A. Green, Director  
Certification and Compliance Division  
Office of Transportation and Air Quality
